

The **Kompetenznetzwerk Ernährungswirtschaft** is there to:

- give answers and solutions to contractors in the **agriculture** and **food industry** on the constantly changing challenges of the markets
- build up a **comprehensive network** with partners along the whole chain of the food industry
- transfer **knowledge** from research to practice

We cordially invite you to contact us with any questions, suggestions and criticisms.

Would you like to receive our **newsletter**?

The **Kompetenznetzwerk Ernährungswirtschaft** was initiated by the three trade associations of the canton of Thurgau: the Chamber of Industry and Commerce Thurgau (IHK), the Trade Organisation Thurgau (TGV) and the Farmers Organisation Thurgau (VTL). The **network works together with the agriculture and food industry** including small and medium sized companies and is, as a project of the New Regional Policy, mainly financed by the cantons of Thurgau, Appenzell Ausserrhoden, Schaffhausen, St.Gallen and Zurich.

The network is currently supported by over 85 sponsors. Do you want to benefit from our specific services, too? Feel free to contact us and become patron or supporter of the Kompetenznetzwerk Ernährungswirtschaft.

Many thanks to our Supporters!
